MOVIN' OUT

SLIS on the move

School of Library and Information Science librarian *Martie Grof-Iannelli* has the mammoth task of re-shelving the SLIS library collection at the School's new location in Elborn Col-

lege. The big move started last weekend, and is scheduled to end Friday. Some January classes may continue to be held at the old location until the new classrooms are ready.

Mahler papers offered

Senate has recommended to the Board of Governors that \$120,000 be spent over two years to expand the Music Library and accommodate the Rosé/Mahler Collection in Talbot College.

Senate approved an allocation of up to \$50,000 from the 1982-83 income on capital reserves and up to \$70,000 in 1983-84.

Included in the Rosé/Mahler Collection are approximately 450 letters written by composer Gustav Mahler and approximately 300 pieces of correspondence addressed to Mahler and Arnold Rosé by notables in the music world. There are also scores with notations of Puccini and Richard Strauss, inscribed books, and works of art.

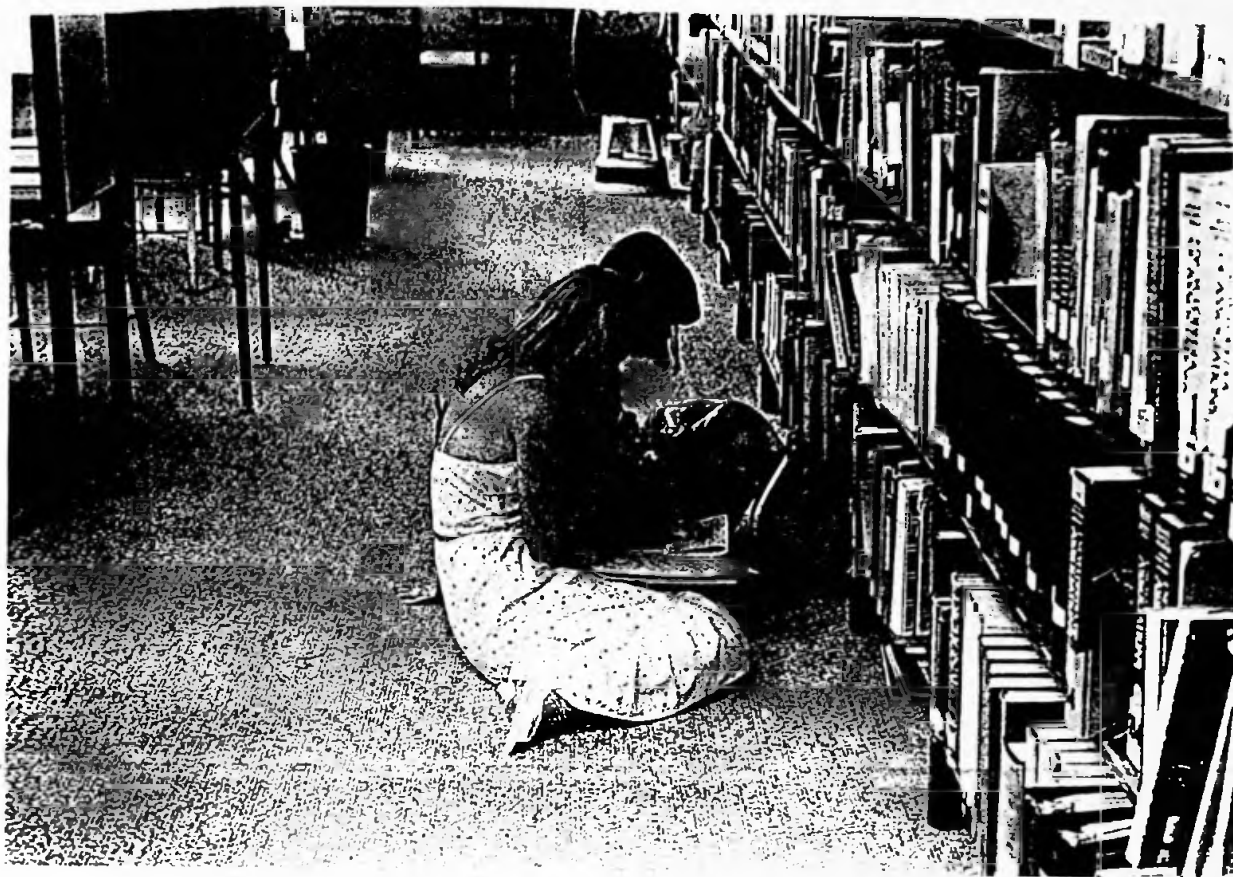

Dean of Music Jack Behrens told *Western News* that the collection is "the most outstanding private collection of Mahler material available."

The collection has been offered to the University by a private benefactor and would become part of the Music Library, if accepted by the University, Senate was told. Discussions are still continuing between the benefactor and the University.

Dean Behrens said the collection will "assist scholars in exploring performing practises as far back as the early 19th Century."

Special courses in the Faculty of Music are projected in such

CLASSIFICATION BLUES

*I hear the chain ascending,
I'm goin' round the bend,
And I ain't acted normal
Since I don't know when*

*I'm stuck in the SLIS system
And time keeps draggin'on
Call numbers I must list them
From Moncton to Hong Kong*

*When I was just a user,
Librarians gave me looks
Now, don't you go in reference
Don't ever play with books*

*But I read a monograph
To make the day go by
Now I got no time to laugh
Just time to classify*

*But if they freed me from old SLIS
If the next array was mine,
I'd experience more bliss (not Bliss!)
Than man ever felt from wine*

*I'd go far from this SLIS school
That's where I'd want to lie,
Where there's ne'er a reference tool,
and the beer's never dry*

John "Johnnie" (1985)
